### **Afternoon Session B: The Secret to Unlocking Student Effort**

Eric Evans, President & Kurt Hayes, Vice President of Experiential Learning Engineering- Bryan University

Imagine the possibilities if you can get more effort out of your students. So, what is the secret to unlocking student effort? At Bryan University, we have focused on addressing non-cognitive factors, like a growth mindset, and have seen a positive impact on student performance and outcomes. We will share actionable strategies that can be implemented quickly at any school.
